

VOLUNTEER SPOTLIGHT

NAME: Jeff Wright

Location: Burien, WA

Occupation: Tool Grinder

How long have you been volunteering for Outdoors for All? What year did you start volunteering? I started volunteering the year before Ed Bronsdon started with Outdoors for All. I do not even keep track.

How did you learn about Outdoors for All and what prompted you to get involved? I volunteered for an organization call Ski for Light. One of the participants told me about Outdoors for All.

In what ways are you involved as a volunteer with Outdoors for All? Winter ski, Rock climbing, Outdoors for All Auction, Program community, Demo days, if I have free time I will come out and lend a hand.

What keeps you coming back to volunteer each year?
It is one of the ways I give back in life.

What do you enjoy most about your volunteer experience? This cannot be described, it must be experienced.

What have you learned or how have you been personally affected from your experience with Outdoors for All? It makes me grateful for what I have in life.

Do you have any advice for individuals considering volunteering with Outdoors for All? Come with an open mind and help out. Magic will happen if you let it.

Do you have an inspirational story you can briefly tell about your volunteer experience? Brian uses a walker to get around. This winter I was one of the people that helped Brian use a slider (walker on skis) ride a chair lift and ski down the ski slope.

Hobbies/spare time activities: The activities that I volunteer with at Outdoors for All.
